## Cisco Compatible Console Cable 6 Feet na may USB Type A at mini-B Connectors

### CAB-CONSOLE-USB

I-upgrade ang iyong network gamit ang aming bagong 6 talampakan, Cisco Light Blue USB A hanggang USB mini-B Rollover Console Cable CAB-CONSOLE-USB. Aaliwin ng mga cable na ito ang iyong IT network sa pamamagitan ng pagtulong sa iyong makipag-usap at mag-configure ng networking device. Ang console cable ay gumagamit ng USB 2.0 para mapadali ang console function. Ang USB A na bahagi ay nakakabit sa USB port ng iyong computer o laptop at ang USB mini-B ay nakakabit sa device. Pinapalitan ng ganitong uri ng one piece cable ang mga lumang "kit" na naglalaman ng maraming cable at adapter. Ang mas bagong uri ng console cable na ito ay tugma sa karamihan ng mas bagong kagamitan sa Cisco. At gaya ng dati, ang partikular na cable na ito ay bago sa orihinal na packaging.
